Family-focused Initiatives

Positive Parenting / Biblical Emotional Care (SEL)

- **Positive parenting/Parenting without Violence (PwV)** gives parents and caregivers the skills to solve problems together with their children
- The PwV approach works with children, guardians and communities to **transform gender norms and the power dynamics and culturally accepted practices** that drive violence in the home
- The program has helped Parents/guardians become **more involved** in the lives and education of their children

Restore Savings Groups / Financial Literacy

- Through a partnership with **Hope International**, Family Legacy has implemented Restore Savings groups in every community we engage
- Members gather weekly to **worship and study God's Word**
- Members also contribute a small amount of money to the group and with the **money they save together**, members can invest in their business, pay for healthcare or purchase necessities for their family

Literacy Evangelism / Parent Teacher Conferences

- Through a partnership with **Literacy & Evangelism International** our Discipleship team has implemented a curriculum available to guardians providing the tools for them to learn how to read and write through gospel teachings
- Guardians gather at our Legacy Academies to **learn the alphabet and site words**, and each session begins with a devotional
- **Parent teacher conferences** take place every term and are a great opportunity for teachers and staff to share academic progress and growth based on classroom observations, testing data, assessments, and assignments
