

FAMILY LEGACY

Empowering vulnerable children to live out their God-given potential

A Child's Dignity Is

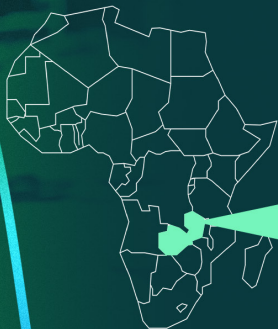

When God made us in His image, He inscribed us with the potential to flourish where we are. **However, poverty, loss, and trauma can cause flourishing to take a backseat to survival.** These factors especially affect children, making them **vulnerable** to risk or harm.

Vulnerable children are more likely to:

- Live in homelessness.
- Grow up uneducated.
- Become targets of trafficking.
- Die young from preventable causes.
- Remain in poverty as adults (and pass it along to their own children).

Worth Fighting For

Risk factors don't tell the whole story.

Behind each one is a child with a name, a face, and a future. At Family Legacy, we believe in God's purpose for those futures.

Since 2001, Family Legacy has been serving in Zambia to empower vulnerable children to live out their God-given potential.

The median age in
the US is 39

When a vulnerable child joins
Family Legacy, we provide deep
care focused on

Long-term Growth

Spiritual Care

- Daily Bible Class & Devotionals: Every grade level learns about God every day in our schools.
- Discipleship at Home: Peer mentor groups and at-home check-ins keep Jesus on students' minds.
- Literacy Evangelism: Parents and guardians learn to read using Scripture.

Intellectual Care

- Legacy Academies: We operate 18 private, Christian schools in Lusaka with over 400 teachers.
- Robust Education: Intensive programs prioritize numeracy & literacy, the things that best prepare students for adulthood.
- Career-minded: Integrated trades courses teach hands-on vocational skills, and qualifying students can continue into advanced education pathways.

Physical Care

- Stable Nourishment: Students receive daily nutritious lunches at our schools.
- Medical Access: The team at our Hill Wellness Center treats routine and long-term illnesses and conditions.
- Hygiene Promotion: We keep schools clean, safe, healthy—and teach students to do the same.

Emotional Care

- Clinical Counseling: Students living with trauma and loss have a safe place to process and heal.
- Emotional Resilience: Our custom, Biblical Social Emotional Learning curriculum teaches students to understand and manage their feelings.
- Ongoing Assessment: Routine evaluations help us craft each child's custom care plan.

We Keep An Eye On Their Futures:

Christ-centered adults ready to transform their world.

Every Child's Potential Is Different:

So we nurture what God has placed within them, and bring out the best: faith that endures, wisdom that serves, health that sustains, and relationships that reflect His love.

Legacy Academies

Our schools cultivate learning right where our students live. With an uncompromising commitment to literacy, math, and Bible, we are giving students the tools they need to be successful—however God plans that for them.

Tree Of Life

At the Tree of Life Children's Village, we welcome children who are often in the greatest trials of their lives. Many come to us from unsafe homes or with alarming illness. Here, we see them with dignity and provide the support they need to return to their communities.

Excel Beyond

For those ready for the next step after graduation, sponsors and young adult students can continue their journey together through job training and higher education, reaching heights they never thought possible.

How We Equip Our Students

1:1 Sponsorship

Every vulnerable child deserves the chance to thrive. Sponsorship makes that possible. Sponsors fuel our mission, meeting children's needs while empowering them to break cycles of poverty.
